DECLARATION OF PRODUCT'S BRAND NAME AND MODEL NUMBER FOR GST PURPOSE

We have introduced the fields "Brand" and "Model Number" since TradeNet Version 1.8. The information declared in these fields are required for our operational purposes. However, we noted that there were some instances these fields were incorrectly declared as "unbranded" even though the brands and model numbers were clearly stated in the invoices.

2 We seek your assistance to advise your staff to correctly declare the brands and model numbers for the goods imported, and to declare "unbranded" only if there are no brand or model number available for the goods. Action may be taken against declarants who continue to make incorrect declarations by declaring "unbranded" when the brands and model numbers of the goods are available in the shipping documents.

3 Please contact our Customs Call Centre at telephone number 3552000 followed by (*) (0) should you need further clarifications.
